REDEEM!

Preparing for Next Week:

3,22-28,2015

To prepare for next week read these verses from Hosea & answer the following questions:

Hosea 1:

What is God's initial request of Hosea in verse 2?

What point is God trying to teach Israel?

What lesson is He giving us?

What was this request so difficult for Hosea?

What was the meaning of their first son?

What was the meaning of their first daughter?

What was the meaning of their second son?

Why would God instruct them to give their children such horrific names?

How do you think this made them feel growing up?

Hosea 2:1-3:5

How does Israel demonstrate that she is not God's wife (2:2-13)?

Chapter 2 is organized by four "threats" (vv. 3, 6, 9, 14), each beginning with otherwise or therefore. What sets the fourth "threat" apart from the other three?

After all the unfaithfulness (2:2-13), how can God do what is described in 2:14-23?

Baal is a name for a false god and is translated "lord," "husband" or "master." In 2:16-17 Hosea tells the people to stop calling God "Baal" and to call him "my husband" instead. What significance do you see in that name change?

What are the characteristics of a good "marriage" to God (2:18-23)?

God has Hosea take back his unfaithful wife in chapter 3. How does Hosea's action mirror God's actions toward Israel?
