Preparing for Next Week

5-31-2015

Read 2 Samuel 11-12 & answers the questions, chapter 11:

-Sin is usually not an isolated decision, point out the steps David took that led him toward the sin of adultery. (1-4)

-The remainder of chapter 11 portrays a classic cover up and misuse of power. How would things have been different for David had he repented right away?

-How long do you think it took for all of David's schemes to take place?

-How many others were impacted by David's sin?

-In what ways do you relate to this story in your own struggle with sin?

Chapter 12:

-Describe Nathan's words to David.

-What risk was this prophet taking in approaching David?

-Are there any like Nathans in your life? Who is that?

-What was David's response?

-What were the lasting consequences of David's actions?

-Can you recall how these prophetic consequences came true later on in David's life?

-How have your own sin choices effected your life?

-How did God show David mercy in the midst of his failures?

-Describe David's response to the child's sickness.

-How does this help you in your own prayers for loved ones?

-What did you learn about yourself from this passage?

-What did you learn about God from this passage?
